

How To Clear Browser Cookies, Cache, and History on Chrome

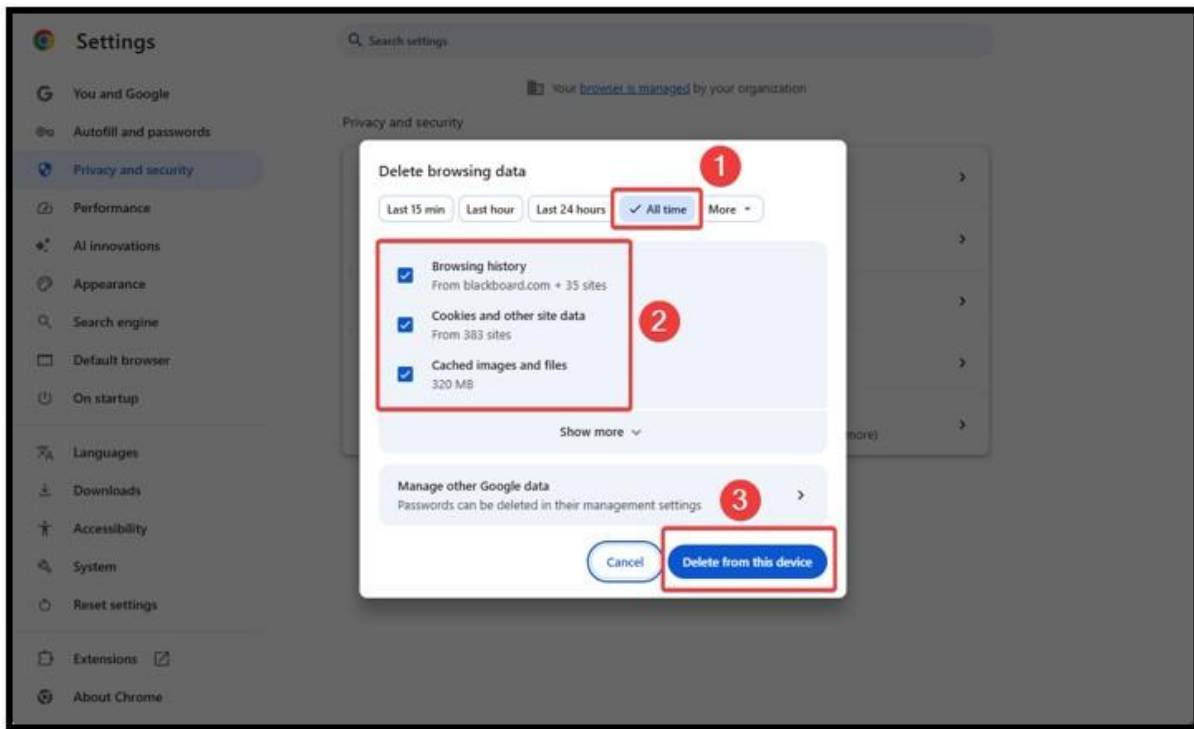

1. In the Chrome browser, in the top left-hand corner, click the **three-dots icon**.
2. Click → **Settings** toward the bottom.

3. In settings, click → **Privacy and security**.
4. Click → **Delete browsing data**.

5. In the pop-up, select → **All time** at the top.
6. Ensure all three options are selected: **Browsing history**, **Cookies and other site data**, and **Cached images and files**.
7. Click → **Delete from this device**.
