

How To Access SimuCase Courseware

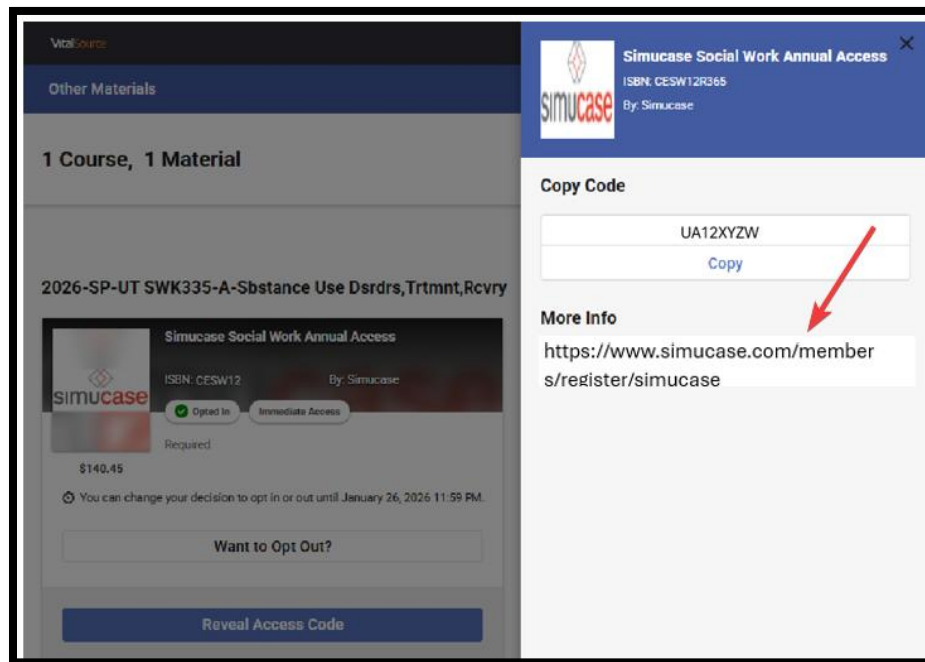

1. Login to Canvas and select the course that is using the **SimuCase** platform.
 - This example uses SWK 335, but the same steps apply to any course using SimuCase.
2. Click → **Immediate Access** from the left-hand side pane.

3. Click → **Reveal Access Code**

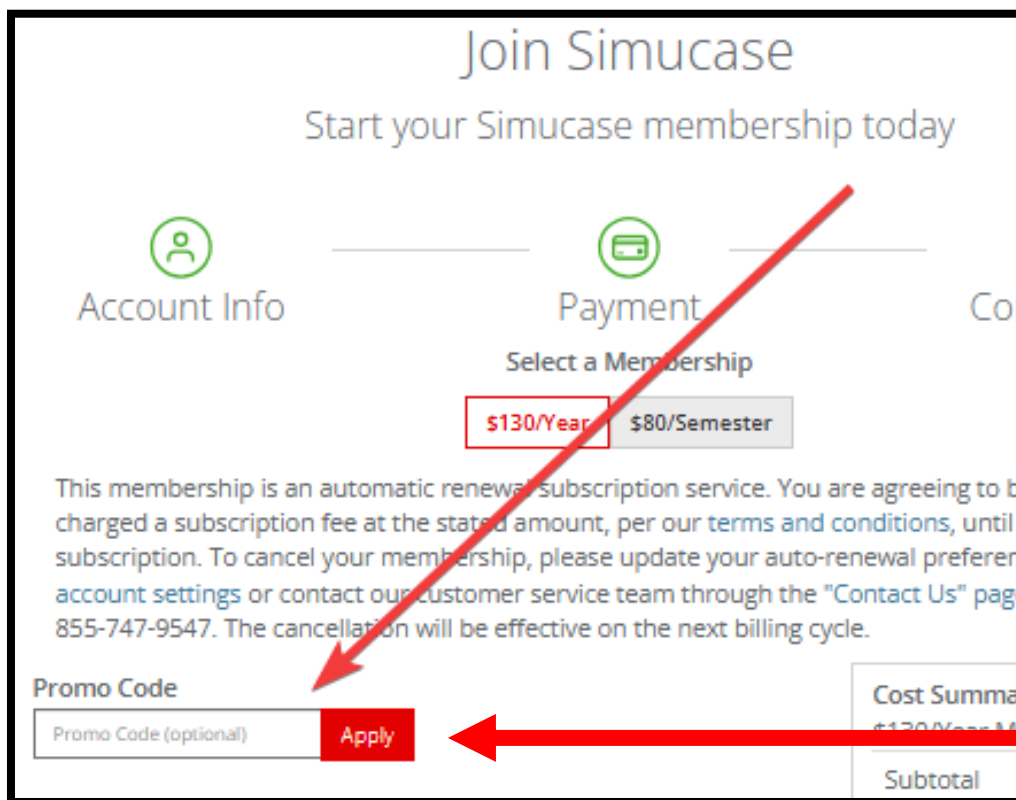

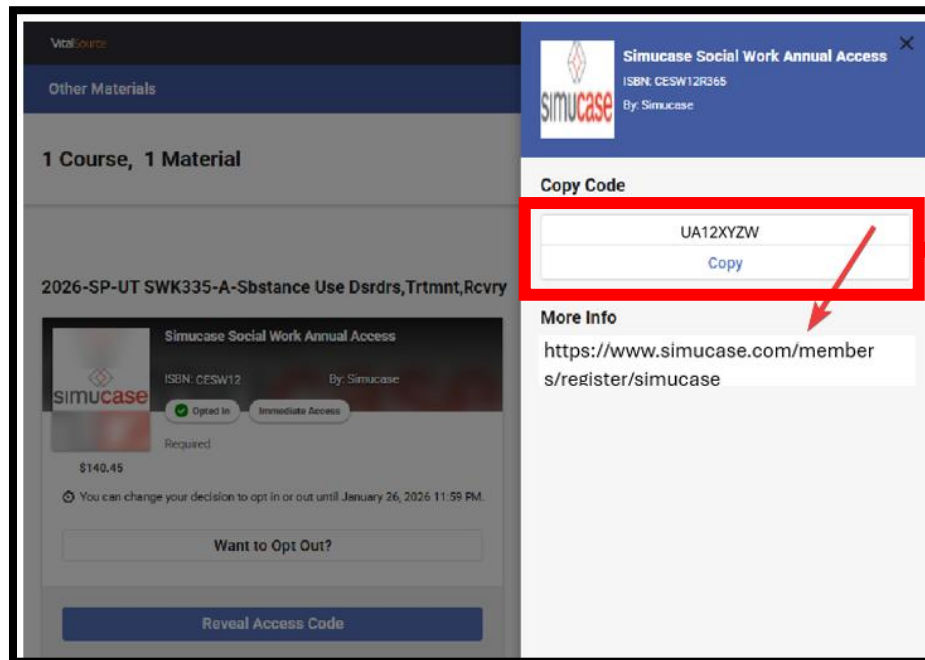

4. Open a new browser and **Copy** the publisher's URL appearing under → **More Info**. Then, **paste** the URL in the new browser to create your SimuCase account.

5. Click → **Accept All**, then proceed to create your account by filling in the questions that appear on the screen, then click → **Continue**.

A screenshot of the SimuCase 'Join Simucase' registration page. The page features a navigation bar at the top with links to Products, Who We Serve, Pricing, Resources, and Our Company. The main heading is 'Join Simucase' with the subtext 'Start your Simucase membership today!'. Below this, there are three tabs: 'Account Info', 'Payment', and 'Confirmation'. The 'Account Info' tab is active, showing a form with fields for First Name, Last Name, Primary Email Address, Secondary Email Address, Create Password, Area of Focus (set to Social Work), University (set to California Baptist University), Role (set to Undergraduate Student), and Graduation Date (set to December 2028). A 'Continue' button is at the bottom right. On the left, there is a 'Your Privacy Choices' section with a 'simucase' logo and a 'Ketch' logo at the bottom. The section contains a welcome message and three buttons: 'Accept All', 'Customize Settings', and 'Reject All'. A red arrow points to the 'Accept All' button.

6. Next, enter the code from Canvas into the field → **Promo Code**, then click → **Apply**.
- You should then be able to access your SimuCase material.
