

How To Clear Browser Cookies, Cache, and History on Safari

Clearing Cookies

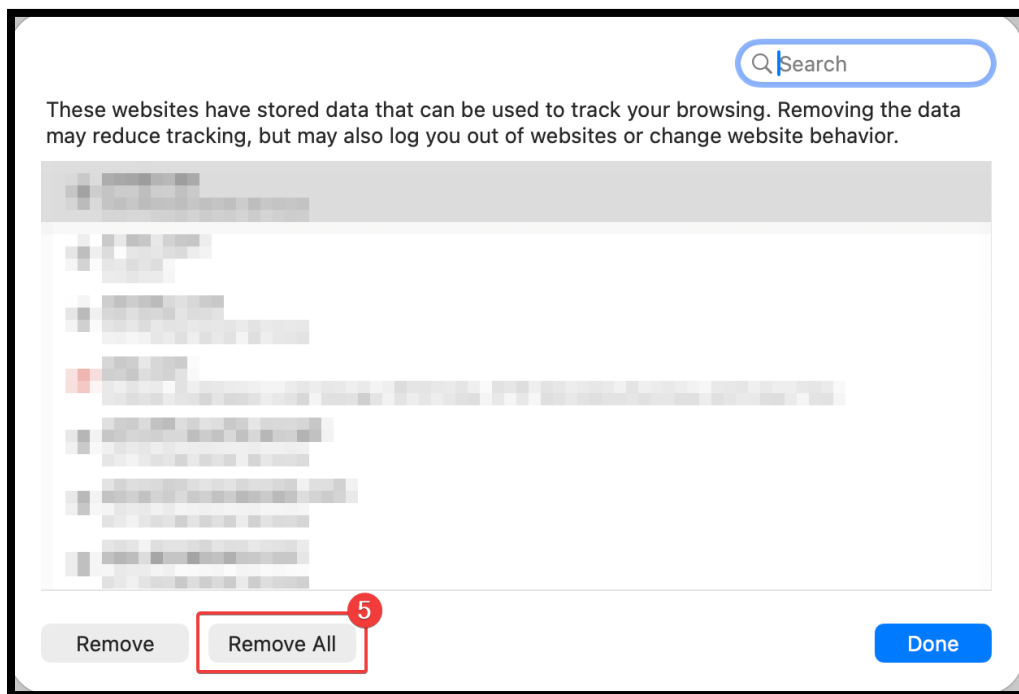

1. In the Safari app, click → **Safari** on the top left-hand corner.
2. Then click → **Settings** from the menu.

3. Click → **Privacy** from the menu bar.
4. Click → **Manage Website Data**.

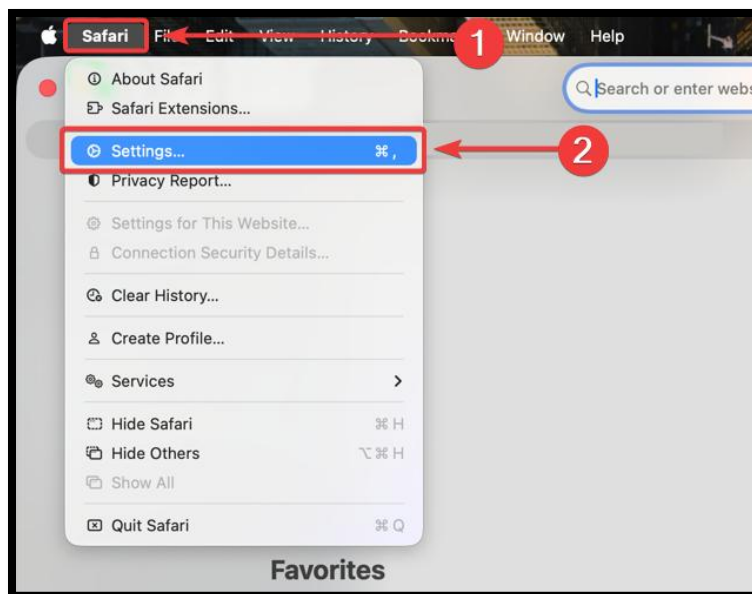

5. Click → **Remove All** from the bottom left-hand corner.

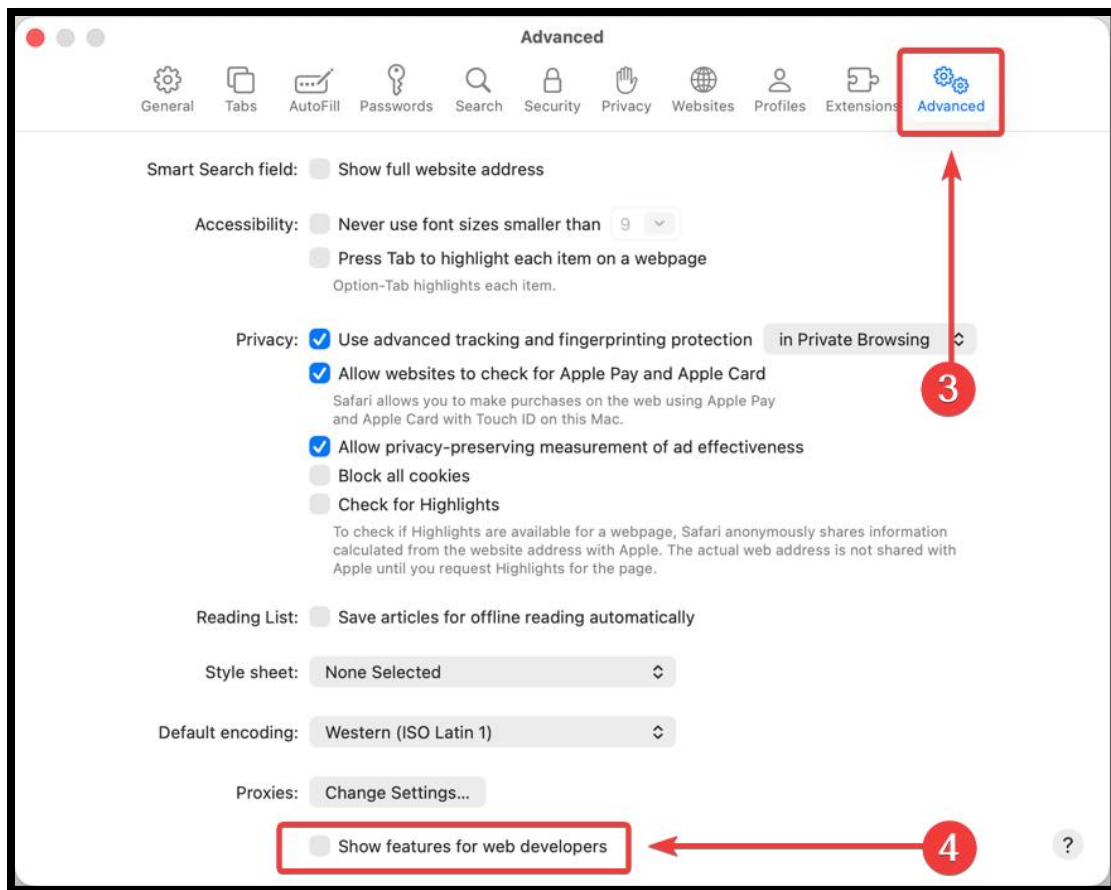

Clearing Cache

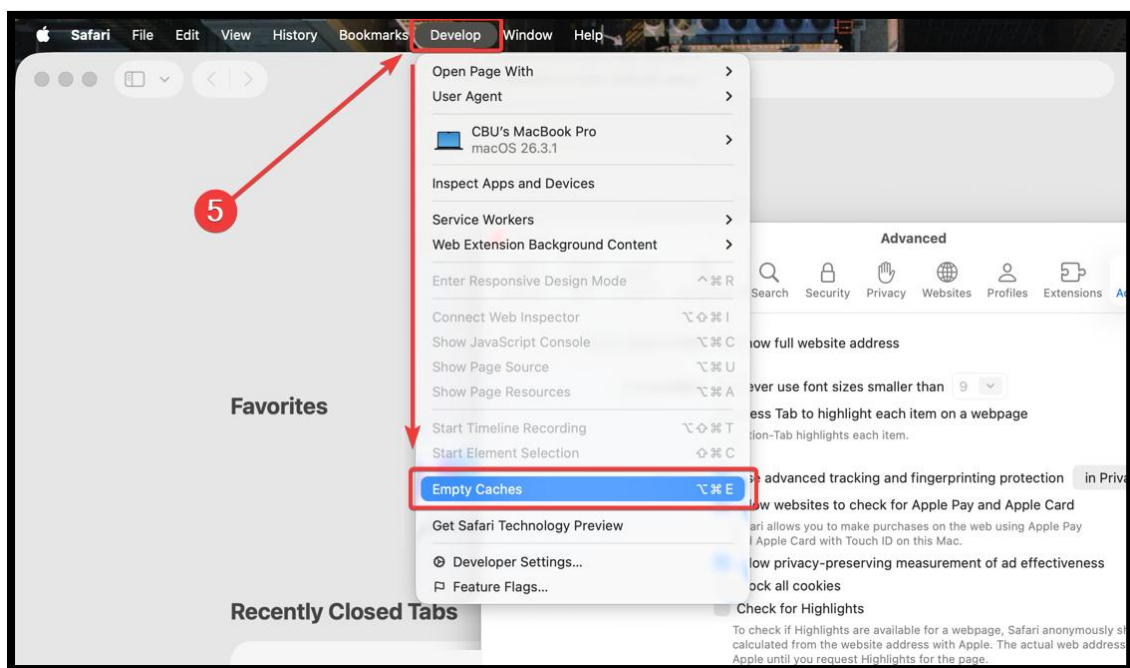

1. In the Safari app, click → **Safari** on the top left-hand corner.
2. Click → **Settings** from the menu.

3. Click → **Advanced** from the menu bar.
4. At the bottom of the page, click → **Show Features for Web Developers**.

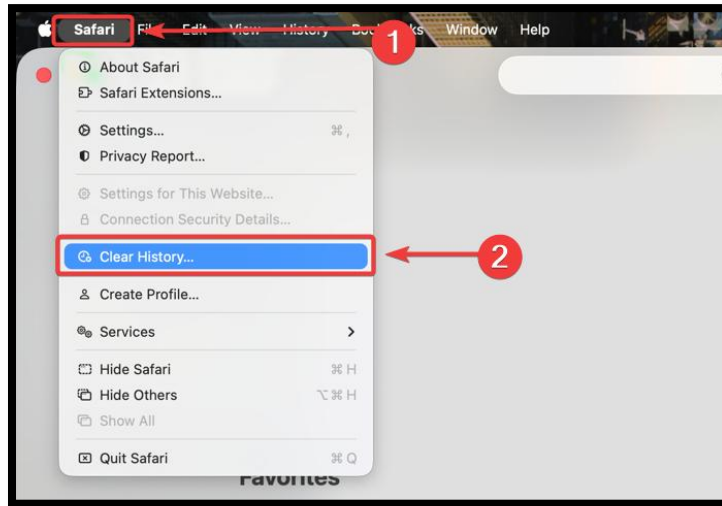

5. At the top of the screen, click → **Develop**, followed by → **Empty Caches** from the menu.

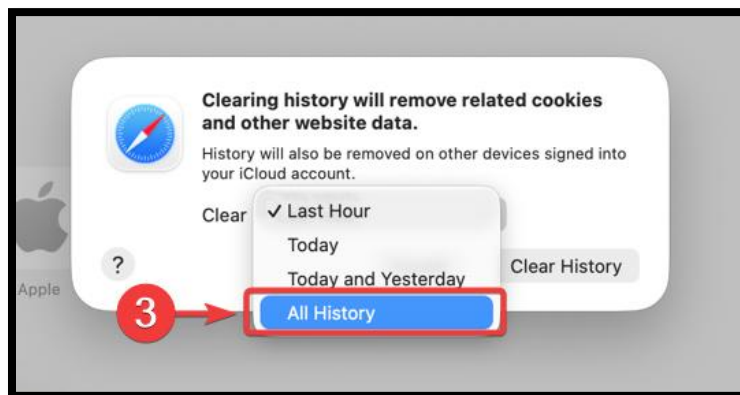

Clearing History

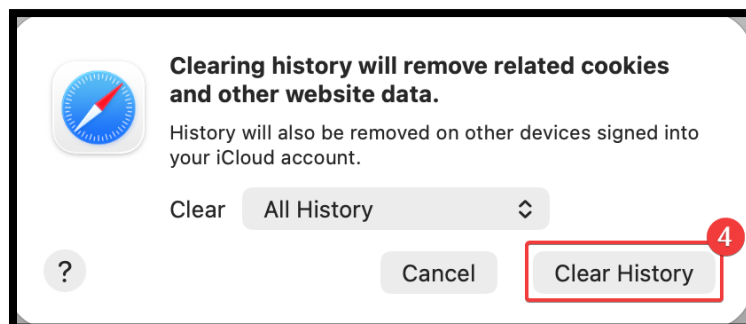

1. In the Safari app, click → **Safari** on the top left-hand corner.
2. Click → **Clear History** from the menu.

3. Select → **All History** from the dropdown menu.

4. At the bottom right-hand corner, click → **Clear History**.
