

How To Enable Third-Party Cookies & Disable Pop-Up Blockers on Safari (iPad)

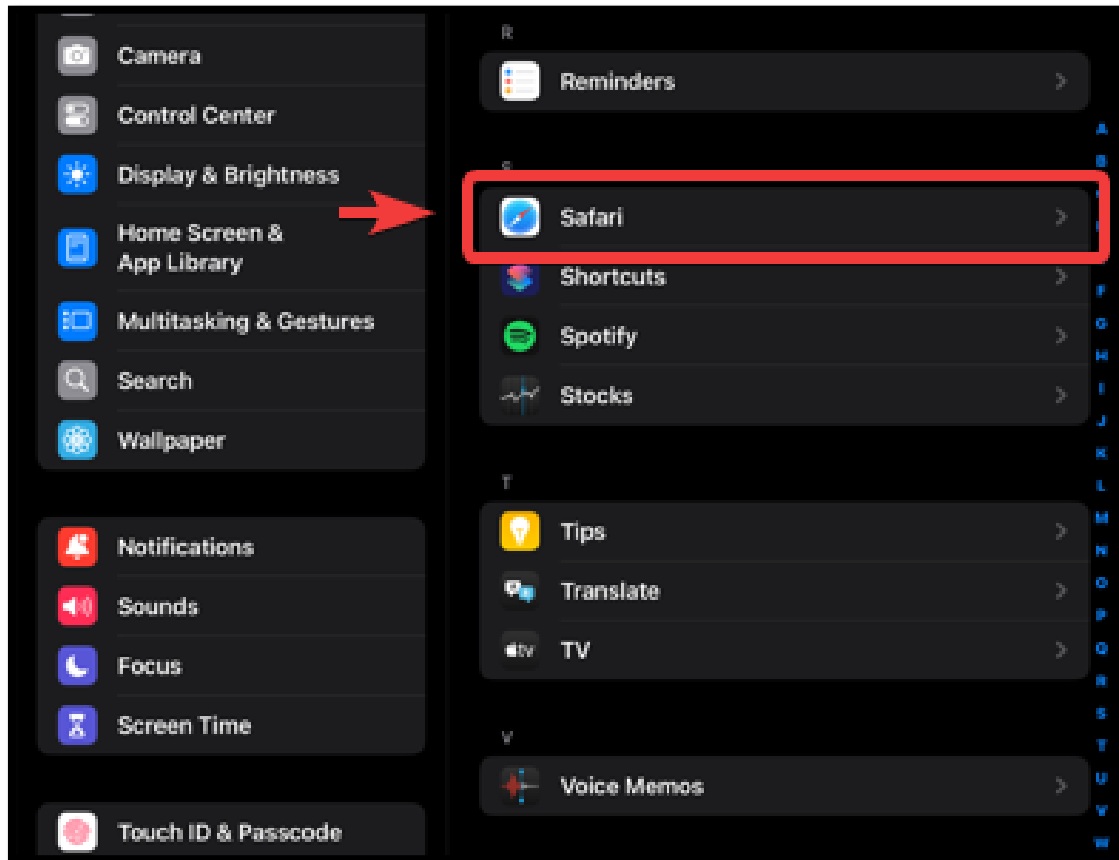

1. Open → Settings app.

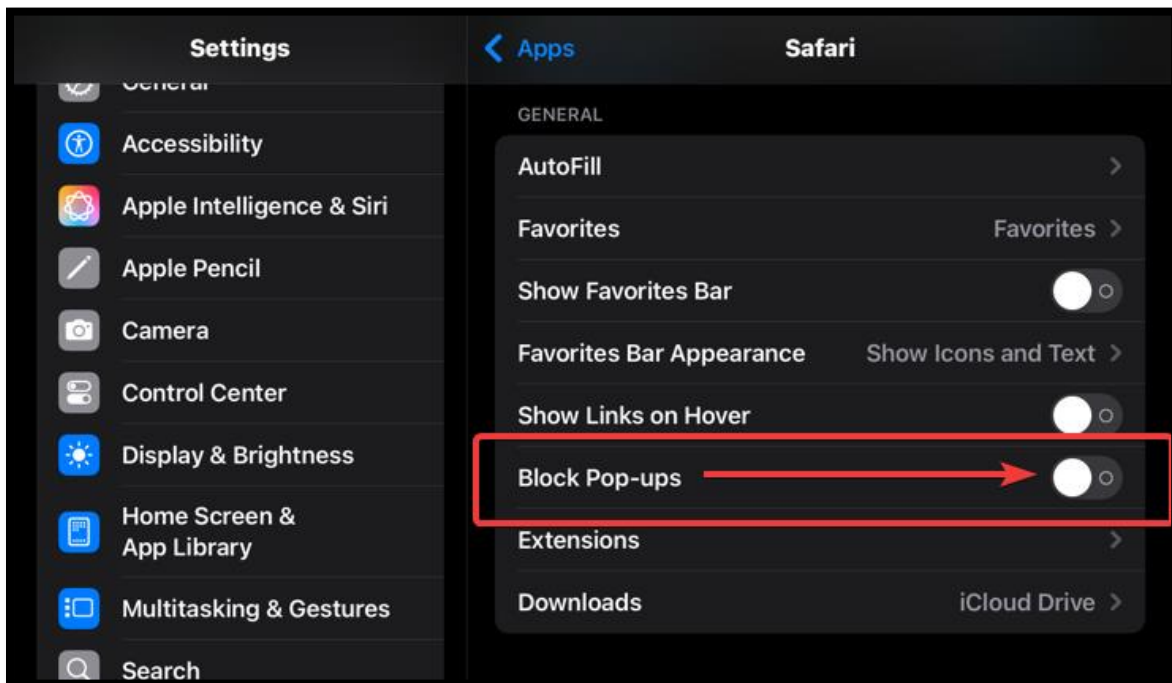

2. Scroll down to the bottom. Click → Apps tab.

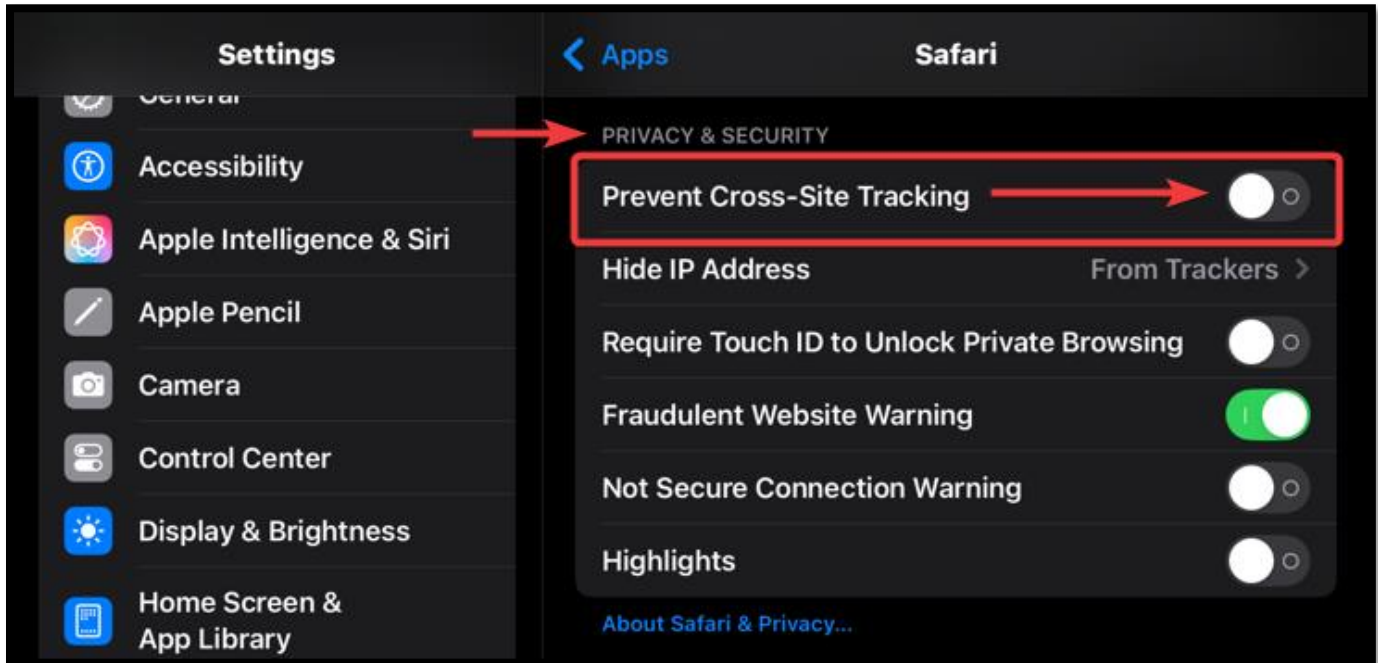

3. On the right-hand side, find and select → **Safari** app.

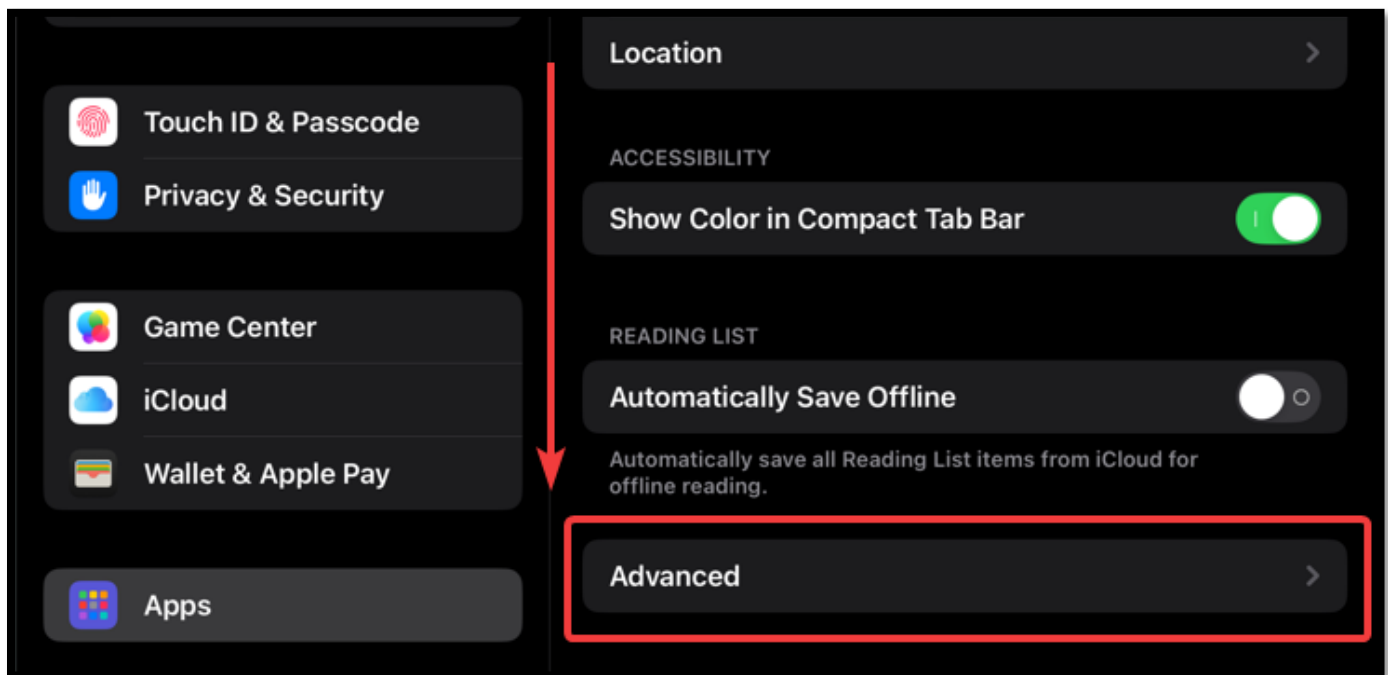

4. Scroll to the **General** section and toggle **Block Pop-ups** to **OFF**.

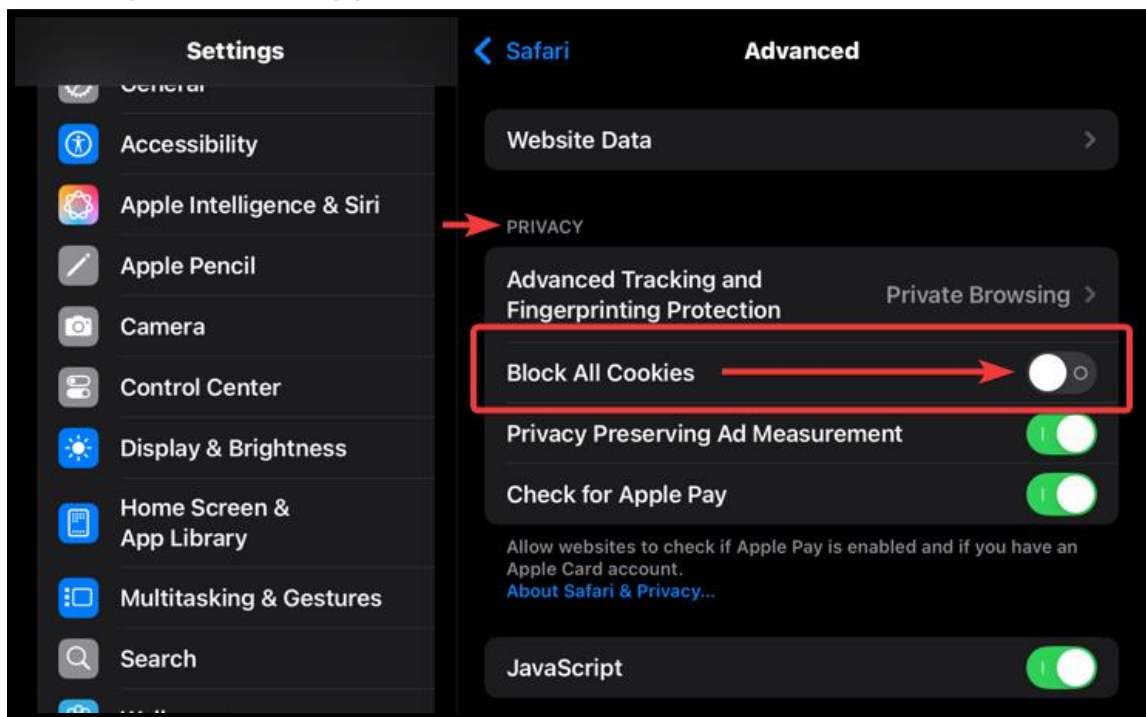

5. Scroll to the **Privacy & Security** section and toggle **Prevent Cross-Site Tracking** to **OFF**.

6. Scroll down and click into the **Advanced** section.

7. In the **Privacy** section, toggle **Block All Cookies** to **OFF**.
